

**BioCote Protection**

We offer the patent-protected BioCote anti-bacterial finish as standard on all internal and external surfaces. BioCote inhibits the growth of potentially dangerous bacteria and fungi, such as Salmonella, MRSA and E. Coli.

**Ideal for use in warehouses, workshops, factories and garages**

- **Robust and versatile**
- **Widely used in Quality Control and Continuous Improvement Departments**
- **BioCote Anti-Bacterial Protection as standard**
